PROFESSIONAL SUMMARY

Software Engineer with 4 years of experience developing enterprise applications using ASP.NET Core, C#, Angular, Entity Framework, SQL Server, and REST APIs. Experienced in healthcare domain projects and insurance projects, production support, debugging, API development, and Agile delivery. Passionate about building scalable applications and expanding into Data Engineering and AI.

TECHNICAL SKILLS

- Languages: C#, SQL, Python, JavaScript, HTML, CSS
- Backend: ASP.NET Core, .NET, Web API, MVC, Entity Framework, ADO.NET
- Frontend: Angular, JavaScript
- Database: Microsoft SQL Server
- Cloud: Microsoft Azure
- Tools: Git, Visual Studio, VS Code, Postman, Swagger
- Concepts: REST APIs, OOP, SOLID, SDLC, Agile, Production Support

PROFESSIONAL EXPERIENCE

Cognizant Technology Solutions | Associate / Software Engineer (Jul 2022 - Present)

- Develop and maintain enterprise ASP.NET Core and Angular applications.
- Design and enhance REST APIs and SQL Server database solutions.
- Resolve production issues, debug defects, and implement enhancements.
- Collaborate with cross-functional Agile teams and prepare technical documentation.

INTERNSHIP

Cognizant Technology Solutions | Software Engineer Intern (Jan 2022 - Jun 2022)

- Built CRUD applications using ASP.NET Core Web API, MVC, Angular, SQL Server, and ADO.NET.
- Learned enterprise development practices, code reviews, and Agile workflows.

PROJECTS

- Healthcare Application - ASP.NET Core, Angular, SQL Server
- Database Migration - C#, SQL Server
- School Parents application -- .Net core, Entity framework, Angular, SQL Server.

EDUCATION

MCA - Netaji Subhas Engineering College | MAKAUT (2022)

BSc Hons (Computer Science) - Bhairab Ganguly College | West Bengal State University (2020)
